### BERMUDA ONION SEED

1931 Crop. Immediate Shipment

Yellow Bermuda .....	\$1.10 per lb.
Crystal Wax .....	1.35 per lb.
Red Bermuda .....	1.50 per lb.

Bermuda Onion Seed prices are net cash. Cans of 20 lbs less than one can 25c per lb. higher.

We have been specializing for eighteen years growing and importing Bermuda Onion Seed from Tenerife and are lined up with the very best growers.

The germination of this year's crop is very fine.

As prices are low the growers will plant only a small acreage for 1932 delivery. We advise early contracting.

## FOR IMMEDIATE SHIPMENT

All our offerings are of high germination, the Japanese varieties grown by T. Sakata & Co., others by the most reliable European growers.

## HE-SHI-KO BUNCHING ONION

So long has the need of a fine Bunching Onion been felt that we are happy to place before you Sakata's *He-Shi-Ko Bunching Onion*. It may be used to advantage in place of White Welsh or Lisbon, for green bunching Onions.

The cut used on this page was photographed in Japan and shows clearly how remarkably this Onion may be trenched. We have been equally successful in trenching our own trials in Westchester County, N. Y.

Price, per lb. \$1.25 f.o.b. New York
